If you have not enrolled in a plan by July 6, you may still enroll after July 6. The balance will be equally distributed by the number of payments remaining in the plan. It is important that you keep your payment plan in a current status in order to avoid late fees.

Delinquency of payments will result in the inability for the student to register for classes for an upcoming semester. Parents must be made an Authorized Payer in order to enroll or make a payment.

Student must create Authorized Payers through their OneLogin Application Portal, and then click the Nelnet tile.
