Meeting Minutes:

Jess Bien proposed a motion to approve the minutes from the July meeting, Brenda Lakis seconded the motion, and the minutes were approved by the Committee.

Accident and Injury Update:

- No new injury reports
- One open injury case remains

Building and Grounds Inspections:

- Roberto Rivera reported that Belles Tree Service would be out prior to students returning to campus. They will be removing dead branches from campus trees based on a list that RR prepared. RR asked that anyone who sees any trees/branches that are concerning to reach out so they can take access the situation.
- Roberto reported a tree came down at the President's house.
- Mike Becker reported that mile houses and dorms would be having AC maintenance done prior to students returning to campus.
- Seegers Union sidewalk (?) was repaired and worked continued on the sidewalks near the Library.

Other Updates

- Brenda Lakis reported that the Alertus System would be tested on 8/2/2022.
- Brenda Lakis reported that all the AED's have been received and will be installed prior to students returning.

- It was reported that GCE is not handicap friendly-parking is quite far from the entrance to the building. Occasionally people will park on the walkway to be closer to Gabriel House. Jim Bolton recommended limiting events at GCE to avoid future problems.
- Jim Bolton reminded everyone about the dry conditions and the potential for mulch to catch on fire easily if someone throws a cigarette into the flower beds.
